ECOT

Established in April 2008, the Rays Employee Community Outreach Team provides invaluable, voluntary hours to community service agencies that enhance or improve the quality of life in the communities it serves. ECOT's philanthropic efforts give the Rays a year-round, goodwill presence in the community. Service projects are chosen from ideas suggested by employees.

In total, Rays employees have logged more than 50,000 volunteer hours split between monthly ECOT events and other ongoing projects, including Meals On Wheels, Big Brothers Big Sisters mentoring program and time spent at the Ronald McDonald House.

BUSINESS OPERATIONS

PATRICK ZALUPSKI / MANAGING PARTNER/CO-CHAIR

Patrick Zalupski, 45, is the founder, president and chief executive officer of Dream Finders Homes and has served as chairman of the board of directors since January 2021 upon completion of an IPO (current NYSE: "DFH"). He has served as the CEO of the primary operating subsidiary, Dream Finders Homes LLC, since forming the company in December 2008 and as the chief executive officer and a member of the board of managers of DFH LLC since its formation in 2014. He is heavily involved and responsible for DFH's overall operations and management and remains involved in the origination, underwriting and structuring of all investment activities.

Under Zalupski's leadership, DFH has grown from closing 27 homes in Jacksonville, Fla. during its inaugural year in 2009 to establishing operations in 23 markets across 10 states and closing over 44,000 homes since inception through September 2025. Prior to founding DFH LLC, he was a Financial Auditor for FedEx Corporation's Internal Audit department in Memphis, Tenn. and worked in the real estate sales and construction industry as managing partner of Bay Street Condominiums, LLC from 2006-08. Zalupski has served on the investment committee of DF Capital Management, LLC ("DF Capital"), an investment manager focused on investments in land banks and land development joint ventures to deliver finished lots to DFH and other homebuilders for the construction of new homes, since April 2018. DFH was named the 2025 National Home Builder of the Year by Zonda, recognizing the company's exceptional growth, innovation and commitment to delivering high-quality homes across the country.

A START TO REMEMBER

In 2023, the Rays began the season with 13 consecutive wins, tying the 1987 Brewers and 1982 Braves for the longest season-opening winning streak in the modern era (since 1900). In major league history, only the 1884 St. Louis Maroons (20-0) have a longer streak. It marked the Rays longest winning streak at any point in a single season in franchise history.

During the streak, the Rays trailed at the end of six of 117 innings, fewest to open a season in the modern era. Each of the first nine victories came by four or more runs, the second-longest such streak in major league history behind the 1884 Maroons (13)—before the Rays accomplished the feat, the last club to win nine consecutive games by four or more runs at any point in a season was the 1939 Yankees (10).

The Rays outscored opponents, 101-30 (+71), during the streak, the first team in the majors to score 100 or more runs while allowing 30 or fewer over any 13-game span since the 1931 Yankees. The plus-71 run differential was the third best over a club's first 13 games of a season in major league history, trailing the 1884 Maroons (+115) and 1884 New York Gothams (+73), both of whom played before the mound was moved to its current distance in 1893.

Wins eight, nine and 10 all came in shutout fashion, the first time in club history the Rays recorded three consecutive shutouts. This includes back-to-back 11-0 wins over the Athletics, making the Rays the fourth major league team to tally consecutive shutout wins, both by 10 or more runs, along with the 2019 Orioles, 1936 Tigers and 1885 Giants.

After the 11th game, the Rays had hit 29 homers and allowed only 20 runs, the largest difference between home runs hit and runs allowed by any team after any day in MLB history. RAYS IN THE COMMUNITY

THE TAMPA BAY RAYS ARE DEDICATED TO STRENGTHENING THE COMMUNITIES WE SERVE BY LEVERAGING THE POWER OF SPORT TO CREATE LASTING IMPACT.

The Rays Up Foundation is a 501(c)(3) organization. It's mission is to use the game as a catalyst to bring people together, expand opportunities, and drive meaningful change through youth empowerment, education and supporting critical community needs on and off the field.

EDUCATION

READING WITH THE RAYS

Since 2006, the Rays Up Foundation has teamed up with Suncoast Credit Union for the summer reading program Reading with the Rays - Read Your Way to the Ballpark. Reading with the Rays encourages kids to avoid summer reading loss by participating in a fun and interactive reading program over the summer months. More than 585,000 Tampa Bay area students have participated since its inception. Participating libraries track their progress and award prizes for reaching certain goals. The program is made possible through a partnership with Suncoast Credit Union, the Rays and public library systems in Charlotte, Citrus, Hernando, Hillsborough, Osceola, Pasco, Pinellas, Polk and Sarasota counties.

RAYS SCIENCE OF BASEBALL

Each summer, Rays baseball operations staff members teach STEM curriculum at Academy Prep campuses in Lakeland, Tampa and St. Petersburg. Across five days at each campus, staff members teach students lessons from the Rays Science of Baseball program, which includes subjects such as engineering, physiology and statistics. Since 2022, over 5,600 hours of STEM instruction have been taught through the Rays Science of Baseball program.

SCHOLARSHIPS

Through various scholarship programs in the Tampa Bay area, the Rays Up Foundation has contributed more than $2 million since 2008, supporting scholars in Pinellas, Hillsborough, Pasco, Sarasota and Manatee counties.

- **Academy Prep Centers for Education**
  The Rays Up Foundation awards annual scholarships to Academy Prep locations in St. Petersburg, Tampa and Lakeland. Academy Prep provides a supportive academic environment designed for students who may not have succeeded in a traditional school setting. The centers inspire and empower economically disadvantaged students to become future community leaders through a rigorous middle school program coupled with ongoing graduate support.
- **Billy Bean Memorial Scholarship**
  The Tampa Bay Rays, in partnership with the Hillsborough and Pinellas County Education Foundations, are proud to establish the Billy Bean Scholarship. In memory of Billy Bean, the second MLB player to come out as gay, this scholarship aims to recognize and support outstanding Hillsborough and Pinellas County seniors who are strong allies who advocate for the LGBTQ+ community. Each year, two high school seniors will receive a $5,000 scholarship to further their education.

- **Dave Wills Memorial Scholarship**
  For 18 seasons, the booming, distinct voice of Dave Wills was synonymous with Rays Baseball. Wills passed away on March 5, 2023, but his enduring legacy and influential mark on the Rays organization will never be lost. His love for the game was matched only by his ability to uplift those around him, making every broadcast a shared experience of joy and camaraderie. Whether in the booth or behind the scenes, Wills' desire to make everyone feel valued created a legacy that extends far beyond the diamond. The Rays celebrate Wills not just as a broadcaster, but as a cherished colleague and friend who made the world a brighter place for those fortunate enough to meet him. The Rays Up Foundation established the Dave Wills Memorial Scholarship in partnership with the Pinellas and Hillsborough Education Foundations. Each year, two high school seniors with plans to major in broadcasting or journalism will receive a $5,000 scholarship to further their education.
- **Don Zimmer Memorial Scholarship**
  The Tampa Bay Rays and CFY Pinellas partner to present the Don Zimmer Memorial Scholarship, given to a high school senior who demonstrates the leadership and strong character of Don Zimmer.
- **St. Petersburg College Foundation First Generation Scholarship**
  Over 50 students who might not otherwise have the chance to attend college have the opportunity to continue their educational aspirations through the Rays support of the St. Petersburg College Foundation First Generation Scholarship Initiative
- **Take Stock in Children Scholarships**
  Since 2012, the Rays Up Foundation has committed to students participating in Take Stock in Children in Hillsborough, Pinellas, Sarasota, Manatee and Pasco counties. The partnership is aimed at giving students the financial resources and mentorship support they need to successfully achieve a post-secondary education at any Florida state college. Take Stock in Children provides a unique opportunity for low-income and at-risk students, many from minority families, to escape the cycle of poverty through education. The program offers students college scholarships, mentorship and hope for a better life. The program's comprehensive services start in middle school, continue through high school and include helping students transition to college.

RAYS COMMUNITY LIBRARIES

The Rays Community Libraries provide free books to children and families in the Tampa Bay area. The Community Libraries have locations at Academy Prep of Lakeland, Academy Prep of St. Petersburg, Academy Prep of Tampa, Campbell Park Resource Center and St. Petersburg Police Athletic League.

EDUCATIONAL STOREFRONTS

- **Junior Achievement – BizTown & Finance Park**
  Junior Achievement's BizTown and Finance Park combine in-class learning with a day-long

visit to a simulated town including the Tampa Bay Rays. This popular learning experience allows elementary and middle school students to operate banks, manage restaurants, write checks and vote for mayor. Students are able to connect the dots between what they learn in school and the real world.

- **Pinellas Education Foundation – Enterprise Village & Finance Park**
  The Tampa Bay Rays are a proud supporter of Pinellas Education Foundation's Enterprise Village and Finance Park. Students are encouraged to visit the Rays broadcast booth to be filmed while calling a game, just like a Rays broadcaster. There is also a Rays Team Store for students to use their Enterprise Village debit cards to make purchases for Rays promotional items.
- **Great American Teach-In**
  Each year, the Rays partner with Campbell Park Elementary School for the Great American Teach-In. The Great American Teach-In provides an opportunity for members of the community to speak with students about their occupations, hobbies or areas of interest. Rays staff members speak to students about the many career opportunities at the Rays.

SOCIAL RESPONSIBILITY

FOOD DONATION DRIVES

The Rays partner with Feeding Tampa Bay to host several food drives throughout the season. Feeding Tampa Bay's mission is to change lives one meal at a time by leading our community in the fight against hunger. In 2025, the Rays food donation drives created nearly 1,500 meals.

YOUTH DEVELOPMENT

RAYS JERSEY PROGRAM

Since 2014, the Rays Jersey Program has outfitted more than 110,000 Tampa Bay area tee-ball players and coaches with jerseys and caps. The program serves leagues in nine area counties and has saved the leagues more than $1 million in equipment costs. As a result of these savings, officials from some participating leagues have noted that they have the ability to pass these savings along to participant families. They have also been able to repair their scoreboards, provide upgrades to dugouts, add fencing for fields, purchase additional equipment and grounds crew supplies, and repair concession stands and other areas of their facilities.

MAGIC MONDAY

Every Monday home game, the Rays recognize a player from Buddy Baseball, A League of Their Own or St. Petersburg Challenger League, which are non-competitive recreational leagues serving the Tampa Bay community for individuals with unique abilities. The players and their families join Rays players and coaches on the field during batting practice and participate in an on-field pregame experience during the national anthem.

TUESDAY'S CHAMPION

For over 12 seasons, the Rays host a child from the Make-A-Wish Foundation or Children's Dream Fund at the ballpark as a part of a special program called "Tuesday's Champion." The children selected for the program are battling life-threatening illnesses and many come straight from the hospital for this special experience. Tuesday's Champion, presented by RIPA & Associates, invites the kids, along with their families, to be on the field during batting practice where they can meet and interact with Rays players and coaches, before taking the field and throwing out the ceremonial first pitch. Along with these experiences, they are also given a personalized jersey and a bat.

BIG GAME JAMES CLUB

In 2010, Rays pitcher James Shields, and his wife, Ryane, along with the Rays, donated a suite to begin a special club for foster children called the Big Game James Club. In 2013, the suite was renamed the Home Run Club following Shields' trade to the Kansas City Royals. On Opening Day 2023, James symbolically retired as a Ray and the Home Run Club returned to its original name, the Big Game James Club. In partnership with United Concordia Dental, the Big Game James Club continues to offer a sense of stability and belonging to foster children and support for adoptive families. More than 34,000 tickets have been donated for foster children and families to attend Rays games. Big Game James Club and Heart Gallery events hosted by the Rays have resulted in numerous adoptions for local foster children.

BIG BROTHERS BIG SISTERS EMPLOYEE MENTORS

As part of the Rays partnership with Big Brothers Big Sisters, each year, Rays employees volunteer to be a Big Brother or Big Sister and mentor a student at Campbell Park Elementary School which is located next to Tropicana Field. In addition to providing guidance and companionship through weekly mentoring, the Bigs also bring their Littles to a Rays game during the season.

THE WRITE FIELD PROGRAM

The Tampa Bay Rays presents the Poynter Institute's Write Field Program with an annual partnership grant. The Write Field program is a free, academic year-long program that teaches African American and Hispanic middle schoolers how to be better

writers, communicators, and students. The program meets one Saturday each month during the school year and throughout the program, the boys and girls meet with local journalists, community officials, professional athletes, and business leaders to reinforce the communication skills they will need to complete high school and succeed in whatever they pursue next.

WELLNESS

TEAM SMILE

Since 2018, alongside United Concordia Dental, the Rays have partnered with Team Smile, an advocacy group that partners dental professionals with professional athletic organizations to provide life-changing dental care to underserved children in their communities. Children with the Boys & Girls Clubs of Greater Tampa Bay, Hispanic Services Council, local foster care groups and students in Pinellas and Hillsborough County Public Schools have received dental care, free of charge, including cleanings, X-rays, screenings and educational material on how to protect their teeth. The value of care provided since 2018 has totaled more than $335,000.

ORLANDO HEALTH HOSPITAL VISITS

The Rays proudly partner with Orlando Health Bayfront Hospital to bring players, coaches and mascots to the hospital several times throughout the season to raise the spirits of patients and their families.

MENTAL HEALTH AWARENESS

The Rays suffered a tragic loss in early 2022, when bullpen catcher Jean Ramirez died by suicide. His passing was a sobering reminder of the importance of mental health and the silent form that mental health struggles can take. Since 2017, the Rays Up Foundation has donated more than $227,000 to the Crisis Center of Tampa Bay. Throughout the month of May, Rays players wear green ribbons on their jerseys to support Mental Health Awareness. The Rays and Orlando Health's leadership teams also teamed up to participate in mental health first aid training.

GRANTS

COMMUNITY FUND GRANT PROGRAM

The goals of this program are to invest in organizations that continue to break barriers in the areas of housing, workforce development, health equity, criminal justice reform, education and youth development.

EMPLOYEE ENGAGEMENT

EMPLOYEE COMMUNITY OUTREACH TEAM

The Employee Community Outreach Team (ECOT) was established in 2008 to provide invaluable volunteer hours to community service agencies that enhance or improve the quality of life in the communities they serve. Service projects are chosen from ideas suggested by an employee led committee. Volunteering not only benefits the community, but also Rays employees, by allowing them to give back in a meaningful way through the course of their normal workday. Rays employees have logged over 50,000 volunteer hours to support nonprofits in the Tampa Bay region.

RONALD McDONALD HOUSE
Each month a different Rays department visits the Ronald McDonald House in St. Petersburg to provide the families of patients at local children's hospitals with a home-cooked meal. Employees purchase the food, then cook and serve the meal while socializing with the families.

MEALS ON WHEELS
Since 2006, Rays employees deliver meals every Friday to homebound seniors in St. Petersburg. These deliveries provide seniors with not only a nutritious, balanced meal that they would otherwise not have access to, but also conversation and companionship.

RAYS FAMILIES PROGRAMS

Throughout the season, the Rays Families support the community through various initiatives. In 2025, the Rays Families supported Feeding Tampa, United Way Suncoast, Children's Dream Fund, Ronald McDonald House Charities of Tampa Bay and Hillsborough Education Foundaton.

162 LANDING

In 2012, the Rays introduced a new seating area to commemorate the team's dramatic clinching of the 2011 AL Wild Card in Game 162, the final day the regular season. The Seminole Hard Rock Tampa 162 Landing is located off Left Field Street at the point where Evan Longoria's 12th-inning walk-off home run landed, clinching the Rays third postseason berth. The entrance to the area is open to the public, and includes a time-line chronicling the events at Tropicana Field and Oriole Park at Camden Yards from that historic evening. The area also features a screen with video highlights and interviews, as well as unique photos and displays, all surrounding Game 162.

ALL-STAR BALLOTING

In 2019, Major League Baseball introduced a revamped All-Star balloting process that features two phases of fan voting to determine the starting position players. The top three vote-getters at each position (and top nine outfielders) from the primary phase advance to The Starters Election. Fans then elect starters to the AL All-Star Team and NL squad from that pool of players.

The pitchers and reserves for both All-Star teams are determined through a combination of player balloting and selections made by the Commissioner's Office. The managers of the teams that played in the previous year's World Series choose the batting orders and starting pitchers.

Since the first All-Star Game in 1933, selection of the All-Stars has shifted on several occasions between fans, players, managers and MLB. In 1933-34, selection of the All-Star teams was up to the fans, who could vote for All-Stars through newspaper ads featuring official ballots. From 1935-46, each league's eight managers selected the participants while the All-Star managers chose the starters. Balloting for the starting lineups, tabulated by the Associated Press, returned to the fans from 1947-57. However, a case of ballot-stuffing by Cincinnati fans in 1957 prompted Commissioner Ford Frick to make player selection the privilege of managers, players and coaches from 1958-69. Commissioner Bowie Kuhn returned voting to the fans in 1970.

X-RAY REPORT

- In 2015, Rays executives and scouts traveled to Tijuana, Mexico to get a better look at a player named Randy Arozarena, who had defected from Cuba and was working out with the Toros of Tijuana…the Rays were unable to sign Randy due to MLB spending restrictions, but saw Jonathan in the same workout and later signed him for $130,000…said former Vice President, Assistant General Manager Carlos Rodriguez to the *Tampa Bay Times*: "It's unbelievable, right? There's a saying—you're always dangerous at the ballpark. You may run into something, you may see something. Just by being around, you kind of run into some talent. And sometimes you get lucky."
- Jonathan got the call for his major league debut late night after a seven-hour bus ride with Triple-A Durham…he immediately called his parents, Humberto and Jessica, to share the news…they had never seen him play in the minors, but made the trip from Mexico to St. Petersburg in time for his major league debut.
- He and Blue Jays catcher Alejandro Kirk have been friends since they were three years old, playing on the same youth teams for 12 years and traveling to national showcases together… Kirk's father, Juan Manuel, was their Little League team's manager, and Jonathan's father, Humberto, was an assistant coach…the two still work out at the same gym in their hometown of Tijuana, Mexico…when Alejandro homered in Game 1 of last year's World Series, Jonathan launched a social media campaign to recover the ball, which represented the first home run hit by a Mexican player in the Fall Classic.
- Jonathan and his wife, Milka Medrano, have a two-year-old daughter, Regina Sofia…he has a pair of custom City Connect cleats with their names featured on the heels.

X-RAY REPORT

- During his time with the Orioles, Bryan collaborated with Mobtown Brewing Company, a Baltimore-based brewery, to create the "Shake 'n Baker Hardball Pale Ale", a light, refreshing summertime ale…a portion of the proceeds from each beer sold went to Blue Water Baltimore, an organization focused on keeping the city's streams and waterways free of trash and debris…the label on the cans, which was created by Baltimore designer and illustrator Andy Smith, featured an orange-and-black, Orioles-themed font and a cartoon-like sketch of Bryan.
- After Bryan was sent home from Blue Jays alternate training site in 2020, he returned to his parent's house in Florida and worked a retail job at Target with his sister, Chelsea, in hopes of saving money for offseason training…his main responsibility was pushing carts around the store to pack mobile orders for customers…his hard work paid off, as he was able to afford to work out at Cressey Sports Performance in Palm Beach Gardens, Fla., the same offseason training site he had used since 2017.
- His grandfather, Ed, played football at Auburn University and his cousin, Matt Krembel, played golf at Army from 2008-11…Bryan is an avid golfer himself and takes an annual golf trip to Myrtle Beach with several of his friends from high school.
- He was a multi-sport athlete growing up, focusing primarily on baseball and basketball… he also played soccer, football and tennis, skateboarded, and began basic weight training at an early age.
- Bryan and his wife, Cassidy, were married last November.

- Generated a 41.2 pct. whiff rate on his slider, holding opponents to 4-for-23 (.174) with eight of his 12 SO coming against the pitch.
- Pitched for Aguilas Cibaeñas in the Dominican Winter League following the season, going 1-0 with a 3.38 ERA (8.0IP, 3ER) with 11 SO against 3 BB and three saves over eight appearances, finishing seven games on the mound…Rays bullpen coach Jorge Moncada was the club's pitching coach.

- Made his MLB debut on July 9 at BAL, tossing a scoreless 9th inning…punched out Ryan O'Hearn looking for his first career strikeout.
- From July 13–Sept. 10, recorded a 10.2 scoreless inning streak, fanning 14 batters against two walks over a combined 11 outings for the Cubs and Rays.
- Debuted for Tampa Bay on July 30 vs. MIA, tossing a scoreless 9th frame…topped out at 100 mph on his fastball, joining Taj Bradley (2x) as the only Rays to reach a triple-digit velocity in 2024.

X-RAY REPORT

- Jonny sports a hoop earring on his left ear…when he was struggling at Class-A Great Lakes in 2022, he told hitting coach Dylan Nasiatka that if he didn't win a player of the week award in the upcoming week, he would pierce one of his ears…after sticking to his word and getting the piercing at a local Claire's, he won back-to-back Midwest League Player of the Week honors en route to a Double-A promotion.
- His mother, Karen, signed him up for baseball as a child, but a young Jonny hated the sport, preferring soccer instead…it took him almost two years of playing to start enjoying baseball.
- When the minor league season was canceled in 2020, Jonny used the unexpected free time to work with private hitting coaches Craig Wallenbrock and Doug Latta…the latter helped adjust his mechanics to unlock more power in his swing, allowing him go from five homers during his final collegiate season in 2019 to 22 in his first full professional season two years later.
- During his time in the Dodgers farm system, he earned the nickname "Quadzilla" for his impressive lower body strength.
- Jonny's hobbies include skateboarding, surfing, snorkeling, biking, golfing, playing the guitar and knitting…a Southern California native who grew up around the beach, he has felt right at home in the Tampa Bay region and is a frequent visitor to St. Pete Beach.
- He grew up attending games at Dodger Stadium, occasionally watching a young Clayton Kershaw pitch…when Jonny first entered the Dodgers clubhouse prior to his major league debut, Kershaw was the first person he spoke with.

X-RAY REPORT

- On his fifth attempt to defect from Cuba, he and friend Leandro Linares waited in tall grass until their motorized raft arrived…they set out at around 2 a.m. and arrived in the Dominican Republic at about 2 p.m. the next day…Yandy reports to have seen sharks alongside the raft.
- Yandy hasn't seen his family in Cuba since he defected…he calls his mother, Elsa Maria Fernández, who still lives there, almost every day and says she influenced him to play baseball…she would work 12-hour days at a cigar factory near their home in Sagua la Grande to provide for him.
- Yandy's father, Jorge, played six seasons in the Cuban National Series in the early 1990s with Naranjas de Villa Clara…Yandy played for the same club from 2008-11…Jorge also spent five professional seasons in the U.S., including 51 games with the Port Charlotte Rangers in 2000, who played at Charlotte Sports Park, the Rays current spring training home, from 1987–2002.
- He is a gym rat whose muscles have been featured in *Men's Journal*…he first started weightlifting when he was 12 years old…his favorite show is "Tom and Jerry," which he watches frequently during his lifting sessions… last year during MLB Players Weekend, he used a bat inspired by the show.
- Yandy is afraid of ghosts and made the mistake of entrusting his teammates with this news before a Rays road trip to Milwaukee…the team stayed at the Pfister Hotel, where a number of major leaguers have claimed to experience paranormal activity…his teammates did little to ease his concerns, taping a cartoon ghost in his locker ahead of the Milwaukee series with the Spanish word *cuidado*—"watch out"—written on it.
- He and his wife, Mayisleidis, celebrated the birth of their first child, Yandy Jared, in July 2023… Yandy flew to Seattle on Monday night for Tuesday's All-Star Game, in which he homered, before taking a red-eye flight back home for his son's birth…a few months later, he became the first Ray to win an AL batting title…he credited his wife and son for giving him extra motivation to perform throughout the season.

2025 SEASON

- Established career bests in hits (175), home runs (25) and RBI (83) over a career-high 150 games in his ninth major league campaign and seventh with the Rays…was on the restricted list from May 13-16, but stayed on the active roster for the remainder of the season…paced the Rays in hits, doubles (29) and walks (57).
- Named an AL Silver Slugger Award finalist at designated hitter.
- Of his 150 starts, 114 came at designated hitter and 36 at first base…marked the second-most games at DH in Rays history behind Johnny Damon (135) in 2011 and second most in the AL all season to ATH Brent Rooker (135)…his .300 average was the highest by a qualified DH (min. 50% of games at DH) in Rays history, surpassing Jose Canseco (.279) in 1999.
- His career-high-tying 53 multi-hit games (also: 2023) tied SEA Julio Rodríguez for the most in MLB…became the first player in franchise history to pace the majors in the category.

- His 175 hits ranked fourth in the AL behind KC Bobby Witt Jr. (184), TOR Bo Bichette (181) and NYY Aaron Judge (179) and marked the most by a Ray since Carl Crawford (184) in 2010…became the sixth Ray to eclipse 150 hits in three straight seasons along with Evan Longoria (5, 2013-17), Carl Crawford (5, 2003-07), Ben Zobrist (4, 2011-14), Aubrey Huff (2003-05) and Fred McGriff (1998–2000).
- Also ranked among AL leaders in on-base pct. (4th, .366), average (6th, .300) and OPS (8th, .848).
- Hit exactly .300, one of six AL qualifiers to reach or exceed the mark…joined NYY Aaron Judge (.331/53HR) and TOR George Springer (.309/32HR) as the only players in the majors to hit .300 or better with 25 HR or more…became the third Tampa Bay hitter to turn the trick along with Aubrey Huff in 2003 (.311/34HR) and Fred McGriff in 1999 (.310/32HR).
- Was his second time hitting .300 or better, joining 2023, when his franchise-record .330 mark earned him an AL batting title…joined Carl Crawford (5x, last: 2010) as the only Rays with multiple qualified seasons at .300 or better.
- Hit .307 (92-for-300) at Steinbrenner Field and .293 (83-for-283) in road games…was one of six qualified hitters to bat .290 or better at home and on the road along with TOR Bo Bichette, CHC Nico Hoerner, NYY Aaron Judge, PHI Trea Turner and ATH Jacob Wilson.

X-RAY REPORT

- Jake served as the inspiration for the Reds Viking-themed home run celebration during the 2023 season…every Reds home run hitter donned a horned helmet and large fur cape upon returning to the dugout, with teammates following behind him while mimicking rowing a boat…the idea originated from reliever Luis Cessa, who noticed that Jake's long blonde hair and flowing beard resembled those of a Viking… Jake said he has taken DNA tests that indicate his ancestors were Vikings and Anglo-Saxons who traveled across the North Sea.
- Jake and his wife, Angelica, were married in October 2016…the couple has two children: son, Jayce, 8, and daughter, Avery, 7.
- Avery was diagnosed with acute lymphocytic leukemia in late 2023, but was in full remission by early 2024 following countless checkups and treatments at children's hospitals in Cincinnati, Phoenix and the family's hometown of Miami… she rang the bell in March, indicating the completion of her cancer treatment.
- Jake's family has stuck by his side during his minor league journey and throughout his big-league career…living by the motto "where he goes, we go," the Fraleys were known to follow team buses in their SUV for minor-league road trips, with Jake and Angelica up front and their children in the backseat…his family has resided in several locations across the country and even abroad, spending three months in Australia when Jake played for the Perth Heat following the 2017 season…while Jake worked his way through the minors, the family implemented cost-saving measures such as purchasing a blow-up couch, watching movies and shows on an Amazon Fire Stick hooked up to a $35 projector, and using cardboard boxes as dressers.
- He has had several stints on the injured list throughout his career, many of which took a toll on his mental health during his years in Cincinnati…he sought help from Reds Director of Mental Skills Dr. Vanessa Shannon and Brian Cain, a mental performance coach who works with athletes…Jake's work with the two helped him develop a mental strategy of living in the moment and focusing on things he can control to weather the storm during difficult times.
- A Maryland native, Jake first told his father, Marvin, that he wanted to be a baseball player while watching the Orioles on television at age five, a squad that featured Albert Belle, Cal Ripken Jr. and Mike Mussina.

X-RAY REPORT

- Gavin's uncle and mentor is Augie Schmidt, longtime head coach of the Carthage (Wisc.) College baseball team and the No. 2 overall pick in the 1982 First-Year Player Draft after winning the Golden Spikes Award the same year...he credits his uncle for helping him learn both the mental and physical sides of the game since he was six years old.
- Gavin's mother, Heather, encouraged him to participate in several sports during his childhood, including gymnastics, swimming, basketball, soccer and baseball...when he was in elementary school, he told his mother he wanted to dedicate himself to baseball.
- On his left arm, Gavin has a tattoo depicting a man wearing a No. 44 jersey staring into the horizon with rays of sun reaching out to greet him in honor of his childhood friend and teammate, Clay Davison, who passed away at the age of 16.
- While the start of the 2020 season was delayed, Gavin participated in the inaugural MLB The Show Players League tournament as the Dodgers representative...one player from each team took to the virtual field, completing a group stage before the top-eight players moved on to a tournament-style bracket...Gavin qualified for the tournament with a 19-10 record, but fell to eventual champion and then-Ray Blake Snell in the quarterfinals...gaming is still one of Gavin's favorite hobbies, and he occasionally streams video games on his Twitch channel (@glux9).
- During 2019, he created a YouTube channel to showcase his offseason training (@gavinlux).
- Gavin and his wife, Molly, were married last November in California...several of his former Dodgers teammates and coaches attended the wedding, including Will Smith, Chris Taylor and manager Dave Roberts.
- After receiving his signing bonus from the Dodgers in 2016, one of the first purchases Gavin made was a Mercedes-Benz C63 AMG.
- Entering 2026, Tropicana Field is one of two major league ballparks Gavin has yet to play at along with Seattle's T-Mobile Park.

- Justyn-Henry wore No. 42 while playing at Vanderbilt and Georga Tech in honor of the great Jackie Robinson…he chose No. 55 with the Rays in homage to both Robinson and Hank Aaron…the former wore No. 5 in 1945 with the Negro League's Kansas City Monarchs, and the latter donned the number during his 1954 rookie season with the Milwaukee Braves… with the Tigers, he was initially given No. 36, but switched to Aaron's No. 44 after then-Tigers First Base Coach Gary Jones, who previously had the number, agreed to swap to No. 86… Justyn-Henry's name was partially derived from his father, Henry, who was named after the legendary Aaron.
- He told Henry and his mother, Jacqueline, that he wanted to be a baseball player at age eight and never needed to create a backup plan…when Justyn-Henry homered for his first MLB hit in June 2024, a clip of his parents celebrating in the crowd went viral on social media…he estimated that he watched their reaction about 100 times.

X-RAY REPORT

- While he grew up in Miami, Nick comes from a Cuban family…his mother was born in the province of Pinar Del Río and his grandparents immigrated to the United States from Havana in 1961, giving birth to his father a year after their arrival…neither his father nor his mother spoke English when they settled in the country.
- Nick dreamed of making the big leagues as an infielder, but he took up pitching as a high school senior after his father set him up with lessons from former major league pitcher Juan Alvarez, who lived in the same South Florida neighborhood as the Martinezes and did some scouting work with the Texas Rangers…Nick saw only three mop-up innings in high school, but pitching 26 innings at Fordham (N.Y.) University and was eventually drafted by the Rangers as a pitcher despite indicating his desire to play the infield in multiple pre-draft questionnaires.
- He pitched four seasons in Japan's Nippon Professional Baseball from 2018-21…one of the things he misses most from his time overseas is *yakiniku*, which translates to "grilled meat" and refers to Japanese barbecue.
- In 2024, Nick gifted each of his Reds teammates with two custom, sleeveless jerseys created by a company called Freestyle Cut and Stitch that were inspired by the team's alternate red jersey and City Connects…he got the idea from former teammate Joe Musgrove, who gifted Padres players sleeveless San Diego jerseys from the same company.
- Nick and his wife, Kimberly, have three daughters: Vera, Stella and Amelia.
- After his first season with the Reds, Nick had to decide whether to accept a qualifying offer from Cincinnati or become a free agent…he and Kimberly were inspired to stay in Cincinnati for Terry Francona's first season as manager after they watched "The Comeback," a Netflix documentary on Francona's 2004 Red Sox.

2025 SEASON

- Spent most of the season in the Reds rotation, producing career highs in starts (26), innings pitched (165.2) and wins (11) while tying his career high from 2024 with 116 strikeouts.
- Of his first 29 appearanes, 26 were starts…pitched out of the bullpen on June 21 at STL, June 23 vs. NYY and Aug. 4 at CHC…beginning Aug. 29 vs. STL, worked exclusively as a reliever for his final 11 outings.
- Went 10-10 with a 4.72 ERA (145.0IP, 76ER) in 26 starts and 1-4 with a 2.61 ERA (20.2IP, 6ER) and five holds across 14 relief appearances
- Became the third Red since 2000 to record double-digit wins in each of his first two seasons with the club, joining Mat Latos (2012-13) and Elmer Dessens (2000-01).
- Made his fifth career Opening Day roster and second with the Reds.
- On March 30 vs. SF, carried a perfect game into the 5th inning of his first game of the year…the 4.1-IP bid was the longest by a Red in his season debut since Johnny Cueto (5.0IP) in 2008…marked the second-longest perfect game bid of his career behind June 21, 2014 at LAA (5.0IP)…his streak of 13 consecutive batters retired to open the season was the third-longest run by a Reds starter since 1976, trailing Cueto (15) in 2008 and Pat Darcy (15) in 1976…during the same start, saw his streak of 30.0 IP without a walk dating back to the previous season snapped…was

the third-longest run by a Red in the expansion era (since 1961), trailing Jim Merritt (39.1IP, 1970) and Danny Graves (32.0IP, 2003).

ROBERTO CLEMENTE AWARD

Since 1971, Major League Baseball has annually presented an award that recognizes a player who best exemplifies the game of baseball through sportsmanship, community involvement and positive contributions to his team.

In 1973, following the tragic death of Roberto Clemente, the award was named to honor the man whose spirit and goodwill will always be remembered. The 12-time All-Star and Hall of Famer was killed in a plane crash in 1972 delivering food and medical supplies to earthquake victims of Nicaragua. The award recognizes those individuals who truly understand the value of helping others.

A panel of baseball dignitaries, including Vera Clemente and Commissioner Rob Manfred, annually selects the winner from a list of 30 candidates, one from each major league club. These local winners are announced in September on Roberto Clemente Day. The winner of the national Roberto Clemente Award is announced during a pregame ceremony at the World Series.

Below is a list the Rays nominees for the award since 2000:

High School…he quit basketball as a junior, but quarterbacked the football team for four years…he earned multiple football scholarship offers, including one from Ball State, but ultimately chose to pursue a baseball career…he compares his playing style to retired Pittsburgh Steeler Ben Roethlisberger because he was, in his words, "basically a fullback who could throw."
- Ryan and his wife, Lilia, were married on Nov. 13, 2021 in Puerto Vallarta…the couple loves to travel—some of their destinations include Dubai, Paris, Barcelona, Lisbon and Punta Cana…they visited London this past season and caught a match at Stamford Bridge, home of the Premier League's Chelsea F.C. since 1877.
- Ryan and Lilia have fallen in love with St. Pete since moving there in 2024, becoming year-round residents…he says the city feels like he "wakes up on vacation" every day…he is a frequent visitor to several restaurants and coffee shops in Downtown St. Pete.
- Ryan earned the nickname "Spider-Man" from teammates in 2024 after spending nearly a month on the injured list due to a right knee infection caused by a spider bite over the All-Star break…after he earned the win on his birthday in Oakland, he was presented with a Spider-Man cake in the Rays clubhouse.
- While growing up in Indianapolis, he was a Reds fan because his father is from Ohio…some of his favorite players included Bronson Arroyo, Ken Griffey Jr., Brandon Phillips and Joey Votto…he was also a fan of CC Sabathia.
- Ryan started growing out his hair in 2020 when most barbers shut down due to the COVID pandemic and has kept the longer look ever since.
- If he didn't play baseball, Ryan's dream job would be either an NFL quarterback or ESPN analyst.

X-RAY REPORT

- Drew and his wife, Stevie, welcomed their son, Rhett William, in September 2022...they are expecting a baby girl during the Rays season-opening road trip.
- The Rasmussens went with a "Top Gun" theme last Halloween, with all three family members dressing up as pilots...Drew and Stevie pulled Rhett along in a wagon outfitted to look like a fighter jet.
- He overcame a third major elbow surgery to return to the Rays staff in August 2024, finishing the season working out of the bullpen before rejoining the rotation the following year...he attributes his intense work ethic that helped him throughout his recovery to his father, Mark, a longtime middle school history/social studies teacher who is also a multi-sport coach.
- Drew and Stevie are closely involved with Miracle League, volunteering with chapters in Oregon, Arizona and Florida, including the Tampa Bay-based Miracle by the Bay...Miracle League removes the barriers that keep children with mental and physical disabilities off the baseball field...the organization uses a "buddy" system, assigning an able-bodied volunteer to work with each athlete.
- Drew has been described as a heavy sweater and often changes jerseys during games in sweltering conditions...he will induce sweat to prepare for starts by working out in a hoodie and running outside at 90-plus degrees.
- Despite throwing with his right hand, he is left-handed for most day-to-day tasks, including writing.
- During his redshirt sophomore season at Oregon State University in 2017, he went 3-0 with a 1.00 ERA (27.0IP, 3ER) in eight appearances, including four starts, after returning from Tommy John surgery in late April...the batterymate in each of his outings that season was a true freshman named Adley Rutschman...that Beavers squad also featured future major leaguers Steven Kwan, Trevor Larnach and Nick Madrigal...the Rasmussens attended Madrigal's wedding this past offseason in Maui.

2025 SEASON

- Returned to the Rays starting rotation for the first time since undergoing an internal brace procedure in July 2023, earning his first career All-Star selection...established career highs in starts (31), innings pitched (150.0), strikeouts (127) and bWAR (4.5).
- Became the first Rays right-handed starter to earn an All-Star bid since Charlie Morton in 2019 after being named a replacement for LAA Yusei Kikuchi.
- Voted the recipient of the Paul C. Smith Champion Award by the Tampa Bay chapter of the BBWAA, given to the Rays player who best

X-RAY REPORT

- Ian was notified of his first MLB promotion during a Triple-A Durham game at Jacksonville's VyStar Ballpark…his mother, Amy, happened to be visiting at the time, and the two made a late-night drive across the state to Tampa…his father, Albert, and brother, Elliot, caught flights from Boston and his sister, Isabella, flew in from Philadelphia following an overnight shift as a nurse…Ian did not pitch that night, but, ironically, made his MLB debut the next day back at Fenway Park, roughly 30 miles from Westborough, where he spent most of his childhoood…in addition to his immediate family, his grandmother was in attendance as well as countless friends, teachers and former teammates.
- Ian was teammates with White Sox starter Sean Burke at St. John's (Mass.) High School, with the two anchoring a state-title-winning pitching staff in 2017…St. Johns is also the alma mater of current Mets color commentator and former All-Star pitcher Ron Darling.
- He has relied on deception rather than velocity since his high school days, when he was a sophomore who struggled to reach 80 mph.
- Ian's unique "no look" delivery in which he appears to look in the direction of the third-base dugout stems back to his childhood…previous attempts to "fix" the motion by looking forward have resulted in him waking up with a stiff neck.
- He is the first Virginia Tech alum to suit up for the Rays…coincidentally, Rays President, Baseball Operations Erik Neander graduated from the school in 2005…because the 2020 minor league season was cancelled, Ian was able to complete his degree online after being drafted the same year…he majored in biology because of the flexible career paths the degree offers.

- Turned in his longest outing of the season on Sept. 17 vs. TOR (W, 4H, 1R-0ER, BB, 3SO), going 7.0 IP in his first career quality start…became the first Rays rookie to allow 0 ER over 7.0 IP or more since Alex Colomé on June 21, 2015 at CLE (7.0IP) and the first left-handed rookie since

X-RAY REPORT

- His father James, played collegiately at Baylor University before beginning a coaching career that included stops with the Texas Rangers organization and Oklahoma State University under head coach Josh Holliday, brother of former Cardinals outfielder Matt Holiday... James' involvement in the game led to several opportunities for Ryan, who worked as a bat boy with the Double-A Frisco RoughRiders and practiced with Rangers minor leaguers, including a then 19-year-old Elvis Andrus.

- In 2014, his father founded the Keeper of the Game Foundation to help share the game of baseball with children who have disabilities... James was inspired to create the foundation when his wife, Jennifer, an elementary school special education teacher, connected him with a student who used prosthetic legs and dreamed of playing in the majors...Ryan has been heavily involved in the foundation since the start, volunteering at clinics, helping raise money and acquiring memorabilia to auction off to support fundraising efforts...because Keeper of the Game works in conjunction with other foundations such as Miracle League, Angel League and Little League Challenger, he has found ways to stay involved with the local community at every stop of his career.

- Taylor began a postgame journaling routine during the second half of the 2022 season…he takes a few minutes at the end of each day to transfer his thoughts to paper, during which he answers three questions: What did I do well today? What did I learn today? What am I going to do better tomorrow?
- Taylor ordered hats for Rays teammates with the logo of his dad's business, Walls Well Drilling Inc. …his great grandfather started the company, and it has remained in the family…it went by Walls & Sons when his grandpa owned it and employed Taylor's father and uncle.
- He and his wife, Hallie, celebrated the birth of their third child, Charlie, during spring training… they also have a two-year-old son, Davis, and a five-year-old daughter, Sutton Grace…the couple, who met at Florida State, have a golden retriever named Maverick…Hallie first saw Taylor while attending an FSU baseball game with her mom.

PITCH TIMER

In September 2022, MLB announced three rule changes beginning with the 2023 season following voting by the Joint Competition Committee. They introduced a pitch timer, shift restrictions and bigger bases, each of which had been tested in over 8,000 minor league games. The pitch timer is set at 15 seconds with the bases empty and 18 seconds with a runner(s) on base, down from 20 seconds from 2023-24. Hitters receive one timeout per plate appearance, and the pitcher can step off the rubber twice.

In each of the three seasons since the implentation of the pitch timer, MLB nine-inning game times have averaged two hours, 40 minutes or shorter, the league's longest streak since 1983-85.

STORMY WEATHER

In franchise history, the Rays have had one full season and six individual games during other seasons affected by seven hurricanes:

- **Hurricane Milton (2025 season):** The Rays hosted all 81 of their home games at Tampa's George M. Steinbrenner Field, spring home of the New York Yankees, following extensive damage to Tropicana Field incurred when Hurricane Milton made landfall in the Tampa Bay region. Tampa became the 60th city to host a major league game.
- **Hurricane Hilary (Aug. 18-19, 2023):** A rare West Coast hurricane forced the Rays and Angels to conclude their weekend series with a day-night doubleheader on Aug. 18 rather than finishing the series with the scheduled game on Sunday. The clubs split the twin bill.
- **Hurricane Dorian (Sept. 2-4, 2019):** MLB moved up the Rays-Orioles series finale to be part of a traditional doubleheader on Sept. 3—just the third doubleheader in Tropicana Field history. The Rays split with the Orioles and won two of three games in the series.
- **Hurricane Irma (Sept. 11-13, 2017):** MLB moved the three-game series against the Yankees from Tropicana Field to Citi Field in New York. The Rays lost two of three games. It was the fifth time in baseball history that weather concerns forced the relocation of games to a neutral site, but the second in a span of two weeks.
- **Hurricane Jeanne (Sept. 26, 2004):** The Rays and Blue Jays were canceled at Tropicana Field with the storm approaching. The previous night's game, which began at 6:16 p.m., was played with the caveat that no inning could start after 9:15 p.m. The curfew was a precaution to make sure the Blue Jays were able to fly out of Florida after the game.
- **Hurricane Frances (Sept. 3-5, 2004):** MLB postponed two games against the Tigers (Sept. 4-5), and the Tigers left St. Pete after the Sept. 3 series opener to avoid the storm. The Rays were scheduled to play a Labor Day doubleheader at Yankee Stadium on Sept. 6, but were unable to leave Tampa International Airport until 3 p.m. that day. They arrived in New York at 5:25 p.m. and played a single game that night, a 7-4 loss which began at 7 p.m. The postponed game was eventually made up in New York on Sept. 23. The Rays and Tigers played (and split) a doubleheader on Sept. 30—the first doubleheader ever played at Tropicana Field.
- **Hurricane Gordon (Sept. 17, 2000):** The Rays and Athletics were postponed at Tropicana Field with the storm bearing down. Instead of playing that afternoon, the Athletics flew to Baltimore. The game was never made up, one of three such games in club history.

In addition, Tropicana Field served as a neutral host for a similar situation, as the Rangers-Astros series Aug. 29-31, 2017 was moved from Houston due to the devastation caused by Hurricane Harvey. The Astros won two of three games.

EXTRA! EXTRA!

In February 2023, Major League Baseball's joint Competition Committee unanimously voted that extra-inning games in the regular season will begin each half-inning in extras with a runner on second base. The runner placed on second base at the start of each half-inning is the player (or a substitute for such player) in the batting order immediately preceding that half-inning's leadoff hitter. The rule was originally in place on a temporary basis for the 2020-22 seasons.

THREE-BATTER MINIMUM

Beginning in 2020, the starting pitcher and any relief pitcher must pitch to a minimum of three batters, until the batters are retired or reach base, or until the half-inning is over. An exception exists if the substitute pitcher sustains injury or illness which, in the Crew Chief's judgment, incapacitates him from pitching. This rule was created in an effort to reduce the number of pitching changes and, in turn, cut down the average game time.

AUTO ZONE

Major League Baseball is implementing the automated ball-strike (ABS) challenge system after it was approved by the Joint Competition Committee last September. Twelve Hawk-Eye cameras set up around the perimeter of the field track the location of each pitch. If a pitcher, catcher or batter disagrees with the umpire's initial call of ball or strike, he can request a challenge by immediately tapping on his hat or helmet and vocalizing a challenge. The pitch location is compared to the batter's strike zone, and if any part of the ball touches any part of the strike zone, the pitch will be considered a strike. The home plate umpire will announce the challenge to the fans in the ballpark and a graphic showing the outcome of the challenge will be displayed on the scoreboard and broadcast. The entire process takes approximately 15 seconds.

Each club will start the game with two challenges, and all successful challenges are retained. Only the pitcher, catcher or batter may challenge an umpire's call of ball or strike. Challenges must be requested immediately after the call, and players may not receive help from the coaching staff, other players, or anyone else. In each extra inning, a team will be awarded a challenge if it has none remaining entering the inning.

SPLASH DOWN

Since Tropicana Field's Rays Touch Tank opened in 2006 in right-center field, 7 HR have been hit into the water. Only two of those 7 HR were by Rays players: José Lobatón hit a walk-off solo homer in the 9th inning of Game 3 of the 2013 ALDS vs. Boston (Koji Uehara) to save the Rays from elimination, and Brad Miller did it against the Yankees on July 31, 2016.

TRIPLE PLAYS

The Rays have pulled off three triple plays in club history. The most recent came on Sept. 27, 2011 vs. NYY when Russell Martin grounded into a 5-4-3 triple play (Evan Longoria to Ben Zobrist to Sean Rodríguez).

On Sept. 2, 2006 vs. SEA, the Rays pulled off their second triple play and the first at Tropicana Field in the top of the 1st inning. With runners on first and third, J.P. Howell threw a strike on a 3-2 count to Raul Ibañez for the first out. Catcher Dioner Navarro threw the ball to shortstop Ben Zobrist to retire Adrián Beltré, who was running from first on the pitch. Zobrist then threw back to Navarro to nail José López as he tried to score from third to complete the triple play. It was the first 2-6-2 triple play in major league history.

On Sept. 13, 2002 at TOR, the Rays executed the first triple play in club history (L-4-6-3) with Dewon Brazelton on the mound in his major league debut.

Rays opponents have turned four triple plays, the most recent coming on Aug. 18, 2023 at LAA (Harold Ramírez: 6-4-3-2).Sean Rodríguez accounts for two of the triple plays, both of the 5-4-3 variety—April 17, 2014 vs. NYY and Aug. 16, 2011 at BOS—making him the first player to hit into a pair of triple plays since ATL Chipper Jones (2007, 1996) and before that, SD Tony Gwynn (1995, 1991). In 2011, Rodríguez became the first player since STL Gregg Jefferies in 1993 to hit into a triple play and participate in one defensively in the same season.

On June 11, 2006 at KC, the Royals turned an 8-1-6-5 triple play against the then-Devil Rays when Russell Branyan's apparent sacrifice fly was nullified upon appeal, when it was ruled that Aubrey Huff had left third base early on the tag-up. Rocco Baldelli was also caught on the play trying to advance from first to second base.

DID YOU KNOW?

LET'S PLAY TWO!

The Rays have played 40 doubleheaders in club history, going 8-14-18 (W-L-T). They are 3-4-7 in traditional doubleheaders and 5-10-11 in split doubleheaders. The eight times they swept a doubleheader: July 15, 2023 at KC, July 2, 2022 at TOR; July 7, 2021 vs. CLE; Sept. 17, 2020 at BAL; May 1, 2014 at BOS; June 24, 2012 at PHI; April 28, 2011 at MIN and Sept. 23, 2008 at BAL.

Five of these doubleheaders occurred at Tropicana Field, all of them traditional. The Rays have split four of these and swept one.

- The first Tropicana Field doubleheader, Sept. 30, 2004 vs. DET, was a result of games rescheduled due to Hurricane Frances four weeks prior. They lost the first game, 8-0, and won the second, 6-4.
- On June 10, 2017 vs. OAK, the Rays hosted MLB's first scheduled twin bill since July 16, 2011 (Angels at Athletics). They won the first game, 6-5, on a 10th-inning walk-off single by Evan Longoria. Forty minutes later, they began the next game, a 7-2 loss.
- On Sept. 3, 2019 vs. BAL, the series finale was moved up a day as part of a doubleheader as Hurricane Dorian approached. The Rays lost the first game, 4-2, and won the second, 2-0.
- On Aug. 8, 2020 vs. NYY, a schedule change due to the COVID-19 pandemic prompted a doubleheader. The Rays lost the first game, 8-4, and won the second, 5-3.
- On July 7, 2021 vs. CLE, the schedule was adjusted due to the path of Tropical Storm Elsa. The Rays swept a doubleheader at Tropicana Field for the first time, winning a pair of 7-inning games 8-1 and 4-0. They did not allow a hit in Game 2, using five pitchers to combine for the Elias Sports Bureau definition of a "notable achievement."

Rookie Rolando Arrojo earns the win in his major league debut and Fred McGriff records three run-scoring hits including a 2-run single in the 8th inning. The Rays bat around in both the 4th and 8th innings and get 2-out, RBI singles from Wade Boggs and McGriff to take the first lead in franchise history. 107 YEARS OF MLB IN ST. PETERSBURG

Players take a lunch break during spring training at Coffee Pot Park in 1915. Future Hall of Famer Grover Cleveland Alexander is in the center of the photo, sipping out of a metal cup.

PHOTO COURTESY OF: CITY OF CLEARWATER / PHILLIES

MAJOR LEAGUE BASEBALL HAS HAD A PRESENCE IN ST. PETERSBURG FOR PARTS OF 107 YEARS, DATING BACK TO 1914 WHEN THE ST. LOUIS BROWNS OPENED SPRING TRAINING WORKOUTS.

MLB has also had a presence in St. Pete every year since travel restrictions during World War II prohibited teams from traveling south for spring training from 1943-45.

Nine teams have trained in St. Petersburg: the St. Louis Browns (1914), Philadelphia Phillies (1915-18), Boston Braves (1922-37), New York Yankees (1925-42; 1946-50; 1952-61), St. Louis Cardinals (1938-42; 1946-97), New York Giants (1951), New York Mets (1962-87), Baltimore Orioles (1993-95) and the Devil Rays/Rays (1998-2008).

In 1910, a former Pittsburgh laundry owner named Al Lang moved to St. Petersburg to benefit his health. He soon became interested in the local economy and focused on trying to help the sagging tourism industry. As a baseball fan, he believed the answer was to attract a major league team for spring training.

Lang convinced the St. Louis Browns, under manager Branch Rickey, to move to St. Petersburg in 1914. A baseball committee, formed to attract a major league team to the city, raised $20,000 to buy a large tract of land for a ballpark. The site chosen for the field was Coffee Pot Bayou in St. Pete, where a 2,000-seat grandstand was built.

The first game between two major league teams in St. Petersburg took place on March 27, 1914 as the Grapefruit League was established. The Browns hosted the Chicago Cubs, who were training in Tampa and made the trip by steamboat across Tampa Bay. The Cubs won, 3-2. James Leslie (Hippo) Vaughn was the winning pitcher for the Cubs as an estimated 4,000 looked on.

The resourceful Lang helped engineer a new ballpark, Waterfront Park—located at the approximate site where the parking lot for Al Lang Field is today—and a new arrival, the Boston Braves, christened the new park in 1922. The Yankees joined the Braves in St. Pete in 1925. They would remain for all but four years until 1962, when Casey Stengel and the expansion New York Mets moved in and the Yankees went to Fort Lauderdale.

When the Boston Braves left for Bradenton in 1937, the St. Louis Cardinals came to St. Petersburg the following year and would stay 57 of the next 60 years, missing only the war years.

Minor league baseball in the city began in 1920 as the St. Pete Saints entered the Florida State League.

There was one other professional league in St. Petersburg prior to the Rays arrival in 1998. The Senior Professional Baseball Association—a league of former major leaguers who were 35 years of age or older—sprang up for one season, 1989-90. The St. Pete Pelicans were the first and only league champions.

2022 RAYS POSTSEASON REVIEW

WILD CARD

The 2022 postseason featured a new format, expanding the pool of teams from 10 to 12 and replacing the two single-elimination Wild Card Games with four best-of-three Wild Card Series... the Rays went 86-76 and entered the postseason as the AL's third Wild Card... the 86 wins were the fewest among the majors' 12 postseason teams and the fewest for a postseason team in club history (excluding 2020).

2020 RAYS POSTSEASON REVIEW

A.L. CHAMPS

The Rays won the AL pennant for the second time in franchise history (2008) but lost the World Series to the Dodgers...they set a major league record in playing 20 postseason games, due in part to the expanded playoff format...the Rays were the ninth team in major league history to play a "winner take all" game in the Division Series and League Championship Series but only the third to win both, joining the 2012 Giants and 1981 Dodgers.

- *The Rays clinched a postseason spot on Sept. 17, won the AL East on Sept. 23 and secured the No. 1 seed on Sept. 26...it marked the second time in club history the Rays finished with the best record in the AL (2010).*

PLAYOFF PAD

With the exception of the Wild Card Series, where the higher seed hosted each game, the rest of the postseason was played at neutral sites due to health, safety and competitive considerations in the COVID-19 pandemic...the Rays spent 17 nights in San Diego for the ALDS and ALCS before flying to Arlington, Texas for the World Series, which was played in front of a limited capacity.

POWER BALL

The Rays hit 34 HR, the most in a single postseason in major league history...67.1 pct. (53 of 79) of the Rays runs came on home runs, compared to 41.5 pct. (120 of 289) in the regular season...according to the Elias Sports Bureau, this was the highest rate for a team in a single postsea-

In Game 5 of the ALDS vs. NYY, Mike Brosseau hit a go-ahead, solo homer off Aroldis Chapman in the 8th inning to end a 10-pitch at-bat...it was his second time facing Chapman after he was nearly hit in the head by a 100.5 mph pitch on Sept. 1 at NYY.

- *He entered as a pinch-hitter in the 6th and became the third player in postseason history to enter as a sub and deliver a go-ahead homer in a "winner take all" game, joining NYY Aaron Boone's walk-off in Game 7 of the 2003 ALCS vs. BOS and PIT Hal Smith in Game 7 of the 1960 World Series vs. NYY.*

POWER SURGE

The Rays hit 4 HR in the Wild Card Game and 4 HR in Game 3 of the ALDS, twice tying their single-game postseason record…the Rays, who hit the fewest homers among the AL's five postseason clubs, totaled 11 HR in six postseason games…all 11 HR came in the club's 4 games when facing elimination, a major league record for homers in elimination games in a single postseason.

CHARLIE 2.0

In his first season with the Rays, Charlie Morton went 2-0 with a 0.90 ERA (10-IP, 1-ER) in two postseason starts…with his win in the Wild Card Game, he became the first pitcher in major league history to record the win in three "winner take all" playoff games…he defeated his former team in Game 3 of the ALDS, helping the Rays avoid elimination…it was his fourth career win in a potential elimination game, tied for the most in major league history…he won Game 7 of the ALCS the following year to extend both of these postseason records.

CUBAN SMOKE

Yandy Díaz was reinstated from the 60-day IL for the last game of the regular season and hit leadoff in the Wild Card Game…he homered in the 1st and 3rd innings, becoming the fifth Ray with a multi-HR game in the postseason and the first to do it in a "winner take all" game.

- *Díaz was the 10th player in postseason history with a multi-HR effort in a "winner take all" game but only the second out of the leadoff spot, joining BOS Johnny Damon in Game 7 of the 2004 ALCS…he became the first leadoff hitter in major league history to homer in each of his first 2 AB of a postseason.*

The Rays blanked Cleveland, 4-0, in the AL Wild Card Game behind Alex Cobb, Joel Peralta, Jake McGee and Fernando Rodney...it was the 44th postseason home game in Cleveland history but only the second time they were shut out...the Rays snapped Cleveland's winning streak covering the last 10 games of the regular season...earlier in the regular season, the Rays snapped a Blue Jays 10-game winning streak...according to the Elias Sports Bureau, the Rays became the first team to snap two 10-game winning streaks (or longer) in one season since the 2006 Rockies (Dodgers-11, Athletics-10).

DONE IN BY THE WORLD CHAMPS

ICE CREAM MAN

In the Rays 5-4 win in Game 3 of the ALDS, catcher José Lobaton became the 13th player to hit a walk-off home run in a postseason elimination game…he was the first AL player to do it since BOS David Ortiz in Game 4 of the 2004 ALCS vs. NYY… Lobaton, known for eating ice cream after hitting a home run, also became just the third player to hit a walk-off home run to avoid being swept in a postseason series…he joined Ortiz in 2004 and BOS Trot Nixon in Game 3 of 2003 ALDS vs. OAK.

- *Lobaton's homer was hit into the Rays Touch Tank, the third home run to land there and first by a Rays player…the previous times were by DET Miguel Cabrera on June 30, 2013 and LAD Luis Gonzalez on June 24, 2007.*

HAPPY BIRTHDAY

In Game 3 of the ALDS, Evan Longoria homered on his 28th birthday, becoming the second player in major league history to hit a postseason homer on his birthday…he joined KC Willie Mays Aikens, who hit 2 HR in Game 1 of the 1980 World Series.

NINE FOR NINE

In the Rays 3-1 loss in Game 4 of the ALDS, Rays Manager Joe Maddon used nine pitchers, which set a major league postseason record at the time for a 9-inning game…this has since been broken by the Padres, who used 11 pitchers in their 12-3 loss in Game 3 of the 2020 NLDS vs. LAD.

2011 RAYS POSTSEASON REVIEW

THIRD TIME IN FOUR YEARS

The Rays advanced to the postseason for the third time in a span of four seasons (2008-11), first time as the AL Wild Card...during that span only two other teams made as many postseason appearances: Phillies (4) and Yankees (3)...the Rays became the third major league team and first AL team to advance to the postseason after starting the season 0-6, and just the second major league team to advance to the postseason after starting 1-8...the 1995 Reds won the NL Central after starting 0-6 and 1-8, and the 1974 Pirates won the NL East after starting 0-6.

MATT MOORE

HISTORIC COMEBACK

The Rays became the first team in major league history to be at least 9 GB of a playoff berth in September and make the postseason...the Rays were 9 GB of playoff contention on Sept. 3...the 2011 World Series champion Cardinals were 8.5 GB on Sept. 5...the Rays were 16-8 and the Red Sox were 6-18 over the last 24 games of the regular season, starting Sept. 4.

RAYS vs. RANGERS, PART II

For the second year in a row, the Rays lost to the Rangers in the ALDS...the Rays actually outscored the Rangers, 21-16, but lost the series, 3-1...in these two series, the visiting teams went 8-1...the Rays went 3-1 with 26 runs and 21 XBH at Texas, but 0-5 with 8 runs and 8 XBH at home.

MATT MOORE

At 22 years, 104 days, Matt Moore became the youngest starting pitcher in major league history to win his team's first game of the postseason...that mark was previously held by CIN Gary Nolan (22.129) in the 1970 NLCS...Moore did not allow a run in 7 IP in the Rays 9-0 win in Game 1...he allowed 2 hits, 2 BB and recorded 6 SO while throwing 98 pitches.

- *Moore became the fifth rookie starter to win his team's first game of the postseason and the first to do it since NYY Jim Beattie in Game 1 of the 1978 ALCS at KC...he also became the first rookie in major league history to go at least 7 IP and allow no runs and 2 hits (or fewer) in a postseason game...he remains the 2nd-youngest pitcher to ever do that, behind NYY Waite Hoyt (22.027) in Game 2 of the 1921 World Series vs. the New York Giants.*

- *His .091 opp avg. (3-for-33) remains the 2nd-lowest by a rookie in the postseason (min. 10 IP), topped only by PIT Bruce Kison in 1971 (.088)...remains one of 15 rookies all-time to post a sub-1.00 ERA in the postseason (min. 10 IP)...he was the first to do that since NYY Orlando Hernández in 1998.*

REMARKABLE ROOKIES

Matt Moore and Jeremy Hellickson started Game 1 and Game 4 of the ALDS...the Rays were the 10th team and first since the 2007 Rockies to use two rookie starters in the postseason...the Rays had seven rookies on their 25-man postseason roster.

JAMES SHIELDS

Started and lost Game 2 of the ALDS at TEX, 8-6... he took a 3-0 lead into the 4th inning but allowed 5 runs that frame, which included 2 HBP and 2 WP... he remains the only pitcher in major league history with 2 HBP and 2 WP in a postseason game... it was the first time in his career (in 190 regular and postseason starts) with 2 HBP in an inning and only the second time he threw 2 WP in an inning, following July 6, 2007 at KC.

2010 RAYS POSTSEASON REVIEW

2010 POSTSEASON

The Rays won the AL East for the second time in three seasons...after the current divisional format was adopted in 1994, the Rays became the first team other than the Yankees to win two AL East titles in a full 162-game season...with 96 wins, the Rays led the AL in wins for the first time and finished 2nd in the majors to the Phillies (97)...in addition, the Rays became:

- *The first team in major league history to endure 10 straight losing seasons, then make the postseason in two of the next three seasons.*
- *The first team to average 90-plus wins over three consecutive seasons after 10 straight losing seasons.*
- *The fourth team to average 90-plus wins over three seasons after averaging 90-plus losses the three previous seasons, joining the 1996–2001 Athletics, 1975-80 Brewers and 1988-93 Braves.*

RANGERS DEFEAT RAYS IN ALDS

For the first time in major league history, the road team won every game of a postseason series...the Rays became the first team in major league history to lose three home games in any 5-game postseason series...it was the first ALDS to reach 5 games in five years—since the Angels won at home over the Yankees in 2005.

- *The Rays became the third team to force a Game 5 in a best-of-five series after losing the first 2 games of the series at home...the 1981 Brewers (vs. New York) and 2001 Yankees (vs. Oakland) did it before them...a Division Series was necessary in 1981 due to the split season.*
- *The Rays became the 11th team to force a Game 5 in a 5-game series after losing the first 2 games (home or road)...the Rays were the first team since the 1981 Brewers to force a Game 5 after an 0-2 start and lose Game 5.*

DAVID PRICE AND CLIFF LEE

Price had 14 SO and 0 BB in the series, and Lee had 21 SO and 0 BB...no pitchers in baseball history have totaled more strikeouts without allowing a walk in a postseason series than Lee and Price...ATL Kevin Millwood (2002 NLDS) and CLE Andrew Miller (2016 ALCS) have since tied Price's mark.

[1] REPLACED INJURED ROCCO BALDELLI ON ALDS ROSTER PRIOR TO GAME 2

- *Price lost to Lee twice at home in the series, posting a 4.97 ERA (12.2-IP, 7-ER)…he went 9-2 with a 1.96 ERA (114.2-IP, 25-ER) at home during the regular season…prior to the series, he was 4-0 with a 1.79 ERA (45.1-IP, 9-ER) in 7 starts vs. former Cy Young Award winners, and the Rays won all 7 games.*
- *At the time, Lee set an ALDS record with 21 SO and tied SD Kevin Brown in 1998 for the overall LDS record…this record is now held by HOU Gerrit Cole (25) in 2019…Rangers pitching set a Division Series record at the time with 55 SO, topping the 1998 Padres (49 SO vs. HOU)…Cleveland in 2001 (48 vs. SEA) held the previous ALDS record…the Rangers staff posted a 2.40 ERA (45-IP, 12-ER), including a 1.15 ERA (31.1-IP, 4-ER) by Rangers starters.*

ODDS AND ENDS

- *Carlos Peña became the first player in history with a single, double, triple and home run in four consecutive postseason at-bats (last 2 AB of Game 3 and first 2 AB of Game 4).*

2008 RAYS POSTSEASON REVIEW

2008 POSTSEASON

Only one team in major league history lost more games than the Rays (96) the year before going to the World Series: the 1991 Braves, who were 65-97...the Rays were the second team in major league history and the fifth team in the four major sports to advance to its league's championship series the year after having the worst record in the league...the others to do that: 1991 Braves, 1958-59 Minneapolis Lakers, 1958-59 Toronto Maple Leafs and 1949-50 New York Rangers.

RAYS SET A.L. POSTSEASON HOMER MARK

The Rays hit 26 HR in the postseason, an AL record at the time...the previous record was 24, by the Angels in 2002...that mark remained one shy of the major league record until the 2020 postseason, when the Rays hit 34 HR and the Dodgers hit 30 HR...ten different players hit a postseason homer for the Rays.

- *The Rays hit 16 HR in the ALCS, most in LCS history, ahead of the Astros (14) in 2004...this has since been tied by the 2020 Dodgers... they belted 13 HR from Games 2-5, most home runs over a 4-game stretch in postseason history...the Yankees tied this mark in the 2020 postseason.*
- *B.J. Upton's 7 HR in the postseason fell 1 HR shy of the major league record for a single postseason at the time (8, SF Barry Bonds in 2002, HOU Carlos Beltran in 2004)...four of his 7 HR came in the ALCS, tying the LCS record at the time...he became the first player to hit 5 HR (or more) in the postseason after hitting 10 HR (or fewer) during the regular season.*
- *Evan Longoria's 6 HR were a major league rookie record for a single postseason, until TB Randy Arozarena (10) broke it in 2020...the previous record was 4 HR, by FLA Miguel Cabrera in 2003...four of his 6 HR came in the ALCS,*

[1] ALDS, WS ROSTER ONLY; REPLACED INJURED CLIFF FLOYD ON WS ROSTER PRIOR TO GAME 4
[2] ALCS, WS ROSTER ONLY

tying the LCS record at the time...all 4 HR in the ALCS came in consecutive games (Games 2-5), which remains tied for a LCS record...he turned 23 on Oct. 7, the youngest player in major league history to hit 6 HR (or more) in a single postseason.

RAYS SET POSTSEASON STEAL MARK

The Rays recorded 24 SB in the postseason, which remains a major league record ahead of the 1992 Braves (20) and 1975 Reds (20)...the Rays were caught just three times in 16 games.

ALCS MVP MATT GARZA

Matt Garza went 2-0 with a 1.38 ERA (13-IP, 8-H, 2-ER, 6-BB, 14-SO) in the ALCS...he won Game 3 and Game 7 for the Rays...it was the 11th time that a pitcher won ALCS MVP honors (10th different pitcher)...at 24, Garza became the youngest pitcher to ever win ALCS MVP honors, passing Mike Boddicker (26) of the 1983 Orioles.

DAVID PRICE

The 23-year-old top overall selection of the 2007 Amateur Draft became the quickest No. 1 overall pick to play in the World Series...he earned his first win at the major league level in Game 2 of the ALCS vs. BOS and recorded the final 4 outs in Game 7 for his first career save...at the time, he was the third rookie pitcher to record a win and a save in the same postseason series.

MAJOR LEAGUE WAIVER RULES

There are two types of waiver requests: outright waivers and unconditional release waivers. Both types are irrevocable. Outright waivers are required for a major league club to assign a player outright to a minor league club. Unconditional release waivers can be secured at any point during the year to release a player. After the trade deadline, the only way clubs can acquire major league players until after the World Series is through waiver claims–a new rule introduced in 2019.

REMEMBERING A TRAILBLAZER

Andrés Reiner passed away on Aug 3, 2016, at age 80. Hired by the organization in 2006, Andrés was instrumental in reorganizing how the Rays approached recruiting and signing players in Latin America. He played a major role in the building of the Rays academies in Venezuela and the Dominican Republic.

Andrés transformed how baseball was scouted in Venezuela when he opened the country's first baseball academy for the Astros in 1989. Though many are aware of the 25 young men from that program who reached the big leagues, including Johan Santana, Bobby Abreu and Carlos Guillén, fewer know about the managers and coaches in minor league baseball who were influenced by Andrés. The Rays have several staff members who were signed by Andrés as players, including bullpen coach Jorge Moncada, asst. director, coaching and player development Alejandro Freire, roving outfield and catching instructor Reinaldo Ruiz and Montgomery bench coach Germán Meléndez.

Andrés pioneered the cultural transition programs in professional baseball. These are programs the Rays have established for young men signed in Latin America. The Rays stand with many others in tribute to a man who dedicated his life to growing our game and mentoring others to do the same.

EXPANDING INTERNATIONAL OPERATIONS

ETHAN RICHARDS / TAMPA BAY RAYS

BASEBALL IS A GLOBAL GAME. TODAY, MORE THAN ONE-FOURTH OF ALL MAJOR LEAGUERS WERE BORN OUTSIDE THE UNITED STATES.

As a result, the Rays have expanded the reach of their international operations. Entering the 2026 season, the Rays organization has players from seven countries—Canada, Colombia, Cuba, Dominican Republic, Mexico, Panama and Venezuela—in addition to those from the United States.

While the organization spans the globe in search of talent, the main focus is in the Dominican Republic and Venezuela, where the Rays operate baseball academies.

In 2006, the Rays agreed to a partnership with the Los Angeles Dodgers in which the two organizations would share Campo Las Palmas in the Dominican Republic, long considered the gold standard for Dominican facilities. Campo Las Palmas was home to the Rays baseball academy and a summer league team until early 2009, when the organization inaugurated a new academy located on the property adjacent to the Dodgers. The complex had two full diamonds and a half field, clubhouse, gym, covered batting cages, classrooms, a dining area and living facilities that can accommodate up to 92 players. In 2018, the program claimed its first Dominican Summer League (DSL) title. Since then, ownership has continued to invest in the academy with the installation of a turf field in 2024. In July of the same year, the organization began construction on an expansion project, adding two covered half fields, indoor hitting and pitching tunnels, upgraded conditioning and athletic training facilities, player- and staff-meeting space and dormitories. The expansion is slated to be open in April 2026.

In 2007, the Rays opened their Venezuelan baseball academy in Guacara, 100 miles west of Caracas. In addition to baseball fields, the Venezuelan academy includes a dining area and dormitory which can accommodate 56 players. The Rays played in the Venezuelan Summer League (VSL) in 2007 as part of a co-op team with the Cincinnati Reds before forming a team of their own in 2008. The program won VSL championships in 2009 and 2011. The VSL closed its operations after the 2015 season, prompting the Rays to add a second team in the DSL in 2016.

The Rays international scouting efforts are supervised by Hamilton Marx, vice president of baseball operations and assistant general manager. Steve Miller enters his eighth season as director, international scouting, running the department and overseeing all scouts. Patrick Walters enters his eighth season as director of international operations, overseeing operations and development at the Latin American

academies as well as the spring training complex in Port Charlotte, Florida. Jeff Johnson serves as manager, international scouting. Brad Budzinski and Andrew Fabian serve as international crosscheckers. Ronnie Blanco, former general manager of the Magallanes baseball club in the Venezuelan professional league and the Rays long-time director of Venezuelan operations, is assistant director, international operations. The Rays maintain scouting programs in the Dominican Republic, supervised by Daniel Santana, regionally crosschecked by Rigo De Los Santos and staffed by scouts Remmy Hernandez, Jorge Perez and Olivel Paredes; Venezuela, supervised by Frank Tineo and scouted by Juan Castillo, Carlos León, Sergio León, Marlon Roche and Carlos Rodriguez; Brazil, scouted by Tiago Campos; Colombia, coordinated by Angel Contreras and scout Alex Zuniga; Curaçao, led by Chairon Isenia; Panama, with Gustavo Zapata; and Mexico, with Karla Espinoza, the country's first female scout. The Rays have also expanded scouting efforts in the Pacific Rim, Europe and Australia. Tateki "Bori" Uchibori, who served as an interpreter for former Tampa Bay infielder Akinori Iwamura, scouts for the Rays in Japan. In 2016, Joe Park was added to the Korean scouting staff. Keith Hsu covers Taiwan.

With rising numbers of international players, the Rays have also developed programs in the U.S. and in their Latin American academies to educate players, create cultural awareness and aide in their transition to the professional setting. Today, these programs cater to international and domestic players alike and have grown to include language training, life skills, professional development and education on social issues. The programs are overseen by George Pappas, director, minor league operations. Jairo De La Rosa, assistant director, Latin America player programs, organizes initiatives in the academies and in the U.S., which are supported by Ethan Richards in Florida and Gilberto Fernandez in the Dominican Republic and Venezuela. He also supports players and staff in their transition to the United States and aids in the integration of player plans. The education program is also supported by Welington Castillo, player development specialist and former big leaguer; former major league manager Charlie Montoyo, who serves as special assistant, Latin America Player Development; and Milton Jamail, who begins his 20th year in the organization and seventh as advisor, player education.

2026 FIRST-YEAR PLAYER DRAFT

The annual First-Year Player Draft is scheduled for July 11-13 in Philadelphia. For the sixth consecutive year, it will be held as part of the All-Star Game festivities. The Rays hold the No. 2 overall selection. In 2025, the club selected SS Daniel Pierce out of Mill Creek High School (Georgia) with the No. 14 overall selection.

This year is the 62nd First-Year Player Draft and the 31st in Rays history. It was on June 8, 1965 that the Oakland Athletics selected Arizona State outfielder Rick Monday with the first-ever pick. Since its inception, over 69,000 players have been selected in the First-Year Player Draft. The Rays have made 1,338 of those. Among the major sports, baseball was the last to adopt a draft. The NFL was first in 1936, followed by the NBA in 1947 and NHL in 1962.

SPECIAL SEATS

Fans at Tropicana Field will notice two golden seats, one white seat and one seat memorialized with a plaque in the right field seating area. The golden seat in the third row of Section 148 is the location where the Rays first home run landed, a two-run shot hit by Wade Boggs off DET Justin Thompson in the 6th inning of the Rays inaugural game on March 31, 1998. The other golden seat, in Section 144, marks the spot where Boggs' 3,000th hit landed, a two-run home run off CLE Chris Haney on Aug 7, 1999. The white seat in Section 140 (Row T, Seat 10) marks the spot where Dan Johnson's two-out, 9th-inning, game-tying home run landed against the Yankees in Game 162 of the 2011 season. Three innings later, Evan Longoria hit a walk-off homer to left field giving the Rays an 8-7 win, clinching the AL Wild Card.

Finally, on July 11, 2015, the Rays dedicated a special seat above the right field walkway that will always remain empty in remembrance of prisoners of war (POW) and those missing in action (MIA). Then-president of baseball operations Matt Silverman and pitcher Matt Moore joined World War II veteran and former POW Andrew H. Hines Jr. and Rep. David Jolly of the 13th Congressional District in the pregame ceremony.

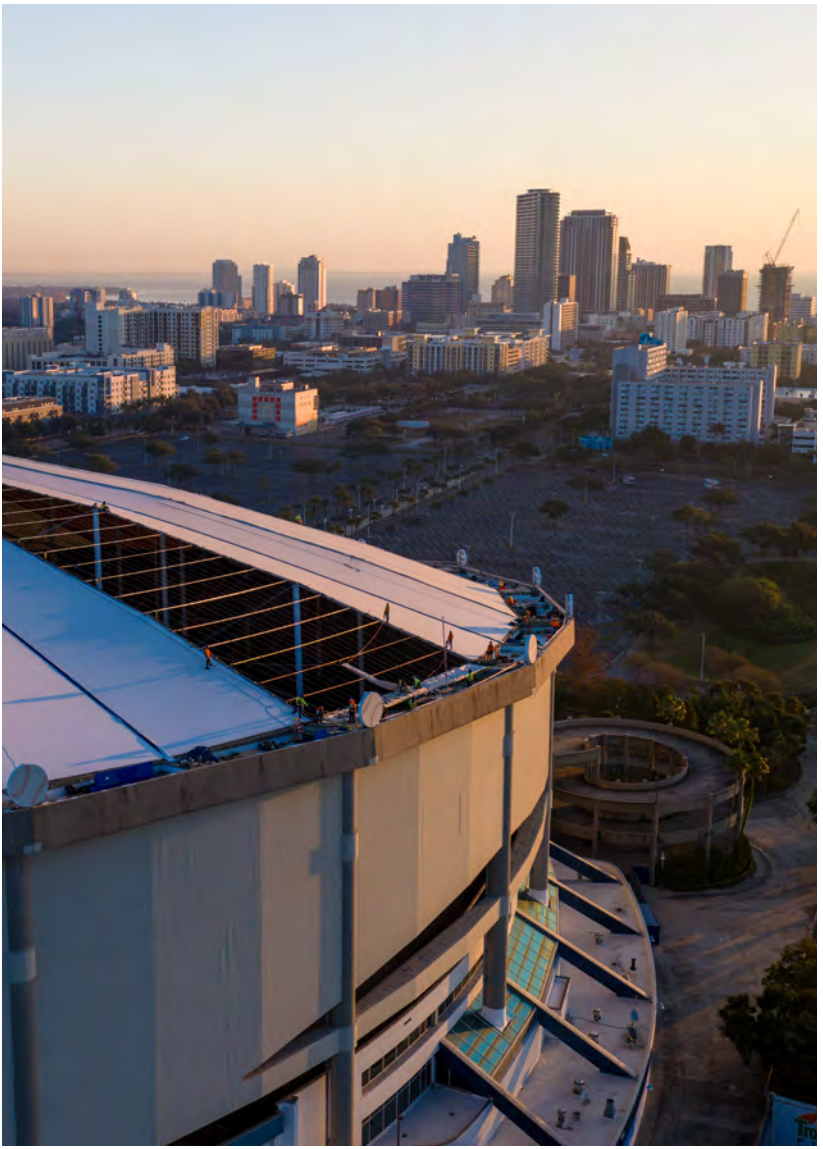
TROPICANA FIELD & MISC.



TROPICANA FIELD

MATT MAY / TAMPA BAY RAYS

- Tropicana Field reopened in April 2026 with a new roof and significant investments by the team's new ownership in upgrades to the facility, including new and revitalized premium seating areas and fan-experience innovations. The Two Rivers Batter's Box, Baseline Premier and Chalk Box seating sections all offer views close to the field and in-seat delivery of complimentary food and beverage; a bespoke candy shop was added for DEX Home Plate Club ticket holders who enjoy the closest seats to the batter in the building; the former Party Deck above right field was revitalized as the all-inclusive MaintenX SkyDeck, bringing its popular bleacher seats back and redesigning its common spaces to encourage a social atmosphere; a larger main video board was installed behind right field along with a new sound system throughout the ballpark; and a second ShortStop market place was added to the Budweiser Porch, offering a walk-out, check-out concessions shopping experience, first introduced to fans in 2023.
- In October 2024, two weeks after Hurricane Helene caused major flooding and devastation in the Tampa Bay region, Hurricane Milton brought additional severe damage and loss to the area and tore the roof off of Tropicana Field. The Tampa Bay Rays spent the 2025 season playing home games at the New York Yankees spring training home, George M. Steinbrenner Field.
- The WWE Royal Rumble was held on January 27, 2024, drawing a Tropicana Field-record crowd of 48,044. This surpassed the long-held record set on Aug. 11, 1990, when a New Kids on the Block concert drew 47,150 to the newly opened building.
- The left field alcoves were given a history-museum treatment prior to the 2022 season. The alcoves highlighted distinct moments of the organization's history, including the American League Championship seasons and the Devil Rays era. In 2023, during the organization's 25th anniversary season, the Rays Hall of Fame was launched, and a new alcove was added to celebrate the exemplary contributions of the franchise's most impactful players, coaches, broadcasters, and executives. For the 2026 season, the historic accomplishments of the franchise have moved from the alcoves to the newly branded Rays Hall of Fame Bar & Grill behind center field.
- Prior to the 2020 season, Tropicana Field became a cash-free and digital ticket facility. Exclusive use of mobile tickets improved ballpark security, limited fraudulent entry, and reduced paper waste. The transition to cash-free was announced in 2019 as the first for a sports venue in North America.
- In 2019, the existing field lights were replaced with energy-efficient LED lights, enhancing on-field playability and in-game entertainment.
- In 2018, the Rays, in partnership with Levy, overhauled Tropicana Field's food, beverage and retail experiences, including "food halls" and a renovated "Rays Republic" team store.
- Knotless safety nets were installed from the inside of the dugouts to the far ends of the

dugouts in 2017 and then extended out to the ends of Sections 125 and 126 two years later.

- Between 2013-14, the Rays added 360-degree pedestrian circulation around the lower seating bowl. The improved circulation made it easier to access and exit ballpark gates, concessions and activity areas throughout the facility.
- In 2006 and 2007, the Rays invested more than $18 million toward ballpark improvements, including the creation of the Rays Club. Nearly $60 million was invested in the facility during the previous ownership group's tenure.
- Originally named the Florida Suncoast Dome, Tropicana Field's 1.1 million square feet include unique design features and fan amenities.
- The venue opened to the public on March 3, 1990 at a cost of $138 million. It became the ThunderDome in 1993 with the arrival of the National Hockey League expansion franchise, the Tampa Bay Lightning. It was renamed Tropicana Field on Oct. 4, 1996, in accordance with a naming rights agreement between the then-Devil Rays and Bradenton's Tropicana Dole Beverages.
- Tropicana Field is the world's only professional sports facility that features live rays. The 10,000-gallon tank opened in 2006 and is located just behind the right-center field wall. The cownose rays in the tank are cared for daily by staff from The Florida Aquarium. Fans can learn about, observe and touch the animals before and during the game.
- Tropicana Field and Toronto's Rogers Centre both feature an artificial surface and all-dirt base paths. Only four other artificial turf ballparks have ever featured all-dirt base paths: Houston's Astrodome (1966-71), San Francisco's Candlestick Park (1971), Pittsburgh's Three Rivers Stadium (1970-72) and St. Louis' Busch Stadium (1970-76).
- The Rays began play in 1998 on AstroTurf, went to a FieldTurf surface in 2000 and FieldTurf's improved product in 2007. In 2011, AstroTurf installed Game Day Grass 3D-60 H. The first of many Shaw Sports Turf surfaces was installed in advance of the 2017 season.
- Tropicana Field features the world's largest cable-supported domed roof. It is made of six acres of translucent, Teflon-coated fiberglass and supports itself with 180 miles of cables connected by struts. Opposing forces of tension and compression keep the roof in an arc. The roof is slanted at a 6.5-degree angle, dropping from 225 feet above second base to 85 feet at the center field wall. The slanted roof reduced construction costs and decreased the volume of air under the dome by 16.8 million cubic feet, decreasing the amount of air requiring climate control. It is built to withstand winds of up to 115 miles per hour.
- Though originally built for baseball, there have been 15 other varieties of sporting events held at the venue: hockey, basketball, football, sprint car racing, gymnastics, soccer, tennis, weight lifting, wrestling, table tennis, karate, motorcycle racing, equestrian events, track and figure skating.
- In addition to the 2008 World Series, the facility was home to the 1999 NCAA Men's Basketball Final Four featuring Duke, Ohio State, Michigan State and eventual-champion Connecticut.

TROPICANA FIELD RESTORATION

THE JOURNEY TO COMPLETE THE ROOF AT TROPICANA FIELD BEGAN LONG BEFORE THE FINAL PANEL WAS SECURED ON NOV. 21, 2025 — A MILESTONE THAT MARKED A SIGNIFICANT STEP IN AN AMBITIOUS EFFORT TO REOPEN THE BALLPARK.

The roof replacement process started with the design of a specialized roofing material by the Serge Ferrari Group, a French industrial company known for advanced architectural fabrics. From there, production moved to Germany, where the base membrane took shape. The material, a translucent, Teflon-coated fiberglass fabric known as PTFE, was carefully woven together. A similar version of this material was famously used in spacesuits that protected Apollo astronauts during their missions to the moon. Once manufactured, the massive PTFE rolls were shipped from Germany to China. There, they were precisely cut into 24 individual panels, each weighing approximately 5,000 pounds. After fabrication was complete, the panels crossed the Atlantic aboard large shipping vessels and eventually arrived in St. Petersburg, ready for installation.

Installing the panels at Tropicana Field presented its own unique challenges. The ballpark's iconic dome shape meant traditional equipment, like boom lifts, couldn't reach the installation points. Instead, crew members relied on ropes and harnesses, carefully suspending themselves more than 200 feet above the field while cranes lifted the panels into position. Using a system of winches, the team then pulled and stretched each panel into place with precision. Each panel installation required a continuous six-hour window of clear, stable weather. Conditions were closely monitored, and if lightning entered the area, work immediately stopped, and the process had to restart to ensure safety. Once a panel was laid, it took an additional six days of gradual adjustments and securing before it was fully set.

CATWALK RUNDOWN

The four catwalks located above the playing surface at Tropicana Field are labeled the A-, B-, C- and D-rings, with the lowest being the D-ring. Any fair ball that hits the lower two catwalks (C, D) is a home run. A fair ball that hits one of the top two catwalks (A, B) is in play. Any fair ball that stays on one of the top two catwalks is a ground-rule double. A foul ball that hits one of the catwalks is a dead ball.

- The **D-ring** ranges from 59 feet above the playing surface in CF to 121 feet behind home plate.
- The **C-ring** ranges from 99 feet in CF to 146 feet behind home plate.
- The **B-ring** ranges from 142 feet in CF to 173 feet behind home plate.
- The **A-ring** ranges from 181 feet in CF to 194 feet behind home plate.

In 27 seasons at Tropicana Field, 200 fair balls have hit catwalks: C-ring (108), B (46), D (40), A (6). This includes two during the relocated Rangers-Astros series in 2017 due to the devastation caused by Hurricane Harvey. Not included in that total is one fair ball that struck the roof, off the bat of MIN Miguel Sanó on Aug. 7, 2016.

Five fair balls have hit catwalks in the postseason, all home runs: Evan Longoria off the C-ring in Game 1 of the 2008 ALDS vs. CHW, B.J. Upton off the C-ring in Game 6 of the 2008 ALCS vs. BOS, Willy Adames off the D-ring in Game 4 of the 2019 ALDS vs. HOU, TOR Danny Jansen off the D-ring in Game 2 of the 2020 AL Wild Card Series and Nelson Cruz off the C-ring in Game 1 of the 2021 ALDS vs. BOS.

KEVIN SABITUS / TAMPA BAY RAYS

On Sept. 20, 2006, the Rays and the Charlotte County Board of Commissioners signed a 20-year agreement for the team to conduct spring training at Charlotte Sports Park, the spring training home of the Texas Rangers from 1987–2002. Following an 18-month renovation, the park became the Rays official spring home on Feb. 25, 2009, when Tampa Bay hosted the Cincinnati Reds. The Rays went on to set the club spring training attendance record and sold out eight home games in their first season in Charlotte County. In 2024, readers of *USA Today* voted Charlotte Sports Park their favorite spring training destination, marking the second time the ballpark has received the honor following its first recognition in 2014.

■ SEATING CAPACITY
The ballpark features diverse seating areas, including over 5,000 fixed seats and two berm areas and other general admission areas that can accommodate over 1,000 additional fans, all within an intimate ballpark setting. The stadium capacity is 6,823.

■ PLAYER FACILITIES
A 44,000-square-foot, two-story clubhouse building beyond right field features locker rooms for Rays major and minor league players and houses the Rays Player Development center. The nearby Athletic Performance Center opened ahead of the 2020 spring season and features 10,500 square feet of continuous training space.

RAYS HALL OF FAME

THE RAYS HALL OF FAME WAS ESTABLISHED IN 2023 IN CELEBRATION OF THE ORGANIZATION'S 25TH ANNIVERSARY SEASON.

The Rays Hall of Fame was created to celebrate former players, managers, coaches, broadcasters and executives who made exemplary contributions to the franchise. The inaugural class included senior advisor Don Zimmer, who spent more time with the Rays than any other organization during his 66 seasons in professional baseball, Tampa native and Hall of Fame third baseman Wade Boggs, and star homegrown outfielder Carl Crawford. The three inaugural members were inducted during the 2023 season. The inductees are honored in Tropicana Field's Gate 1 Rotunda and in a historical alcove located in the left field concourse.

Franchise icon Evan Longoria is the lone inductee to the Rays Hall of Fame in 2026. During his decade-long tenure with the club, he became the Rays all-time leader in most categories, including games (1,435), home runs (261), extra-base hits (618), RBI (892) and total bases (2,630), accumulated three All-Star selections, earned three Gold Glove awards, was tabbed for a Silver Slugger award, and earned AL Rookie of the Year honors while powering a franchise turnaround that redefined what it means to be a Tampa Bay Ray.

WADE BOGGS / THIRD BASEMAN

INDUCTED **2023** YEARS WITH RAYS **1998-99, 2001**

After 16 major league seasons with the Red Sox and Yankees that saw him collect countless accolades, including a 1996 World Series championship in the Bronx, H.B. Plant High School graduate Wade Boggs chose to return home to suit up for the majors' newest franchise, signing with the Tampa Bay Devil Rays in December 1997. Boggs brought experience, credibility and veteran leadership as the club navigated its first two seasons. He recorded the first home run and RBI in franchise history on Opening Day in 1998. On Aug. 7, 1999, he became the first player to join the illustrious 3,000-hit club in a Devil Rays uniform. His homer off Cleveland's Chris Haney made him the first player in major league history to record his 3,000th hit via the long ball. The location of his iconic home run remains marked by a yellow seat in Section 144 at Tropicana Field.

Throughout his career, the 12-time All-Star won five AL batting titles, eight Silver Slugger awards and a pair of Gold Gloves at third base. He was the first player to have his number retired by the Devil Rays when his No. 12 was hung in the rafters of Tropicana Field in 2000. Following his playing career, Boggs returned to Tampa Bay for a stint as the Devil Rays hitting coach during the 2001 season. He was inducted into the National Baseball Hall of Fame in 2005, becoming the first player from the Tampa Bay region to earn the honor.

> "I was very fortunate to wear many hats — that of a player, assistant general manager, a hitting coach and even, with my partner, a broadcaster with Dewayne Staats. But that hat that I will wear now that I'm most proud of, that will be the hat of a Tampa Bay Rays Hall of Famer."

TAMPA BAY TIMES

CARL CRAWFORD / OUTFIELDER

INDUCTED **2023** YEARS WITH RAYS **2002-10**

Widely regarded as the organization's first homegrown star, Carl Crawford bridged the gap between the Devil Rays and Rays eras, developing from a second-round selection in 1999 into a four-time All-Star. "CC" was one of the most dynamic players in the majors during his time in Tampa Bay, pacing the AL in triples and steals four times each in addition to winning Silver Slugger and Gold Glove awards to cap his Rays tenure in 2010. He was the first player in Rays history to earn All-Star Game MVP honors, taking home the accolade in 2009 following his iconic leaping catch at the outfield wall to prevent a potential go-ahead home run in the 7th inning. Crawford played an integral role in transitioning to the Rays era, helping the club to division titles in 2008 and 2010 and a World Series run in 2008.

Crawford remains the Rays all-time leader in batting average (.296), hits (1,480), triples (105), stolen bases (409) and sacrifice hits (31). He holds club single-season records for steals (60, 2009), triples (19, 2004) and runs (110, 2010) and owns a share of the major league record with six stolen bases in one game, which he accomplished on May 3, 2009 against the Red Sox.

Tropicana Field's left-field wall was shortened to its current height of four feet, 11 inches during Crawford's Rays tenure in order to give him the opportunity to further showcase his defensive skills. "It's Carl's wall," then-Rays principal owner Stuart Sternberg told MLB.com on the day of Crawford's induction ceremony.

> "It was just like home, like a second home. I was 17 years old when I got drafted and came here to Tampa [Bay] for the first time. Felt like I grew up here, learned a lot of stuff here, so it has a special place in my heart."
>
> **CARL CRAWFORD**

EVAN LONGORIA / INFIELDER

INDUCTED **2026** YEARS WITH RAYS **2008-17**

For a decade, Evan Longoria defined Rays baseball and set the standard for excellence in Tampa Bay as the face of the franchise. The three-time All-Star, three-time Gold Glove winner and 2009 Silver Slugger recipient led the club to its first four postseason appearances, including a World Series berth during his 2008 AL Rookie of the Year campaign, and accrued three top-10 finishes and six top-20 finishes in AL Most Valuable Player voting. He delivered the most memorable home run in Rays history in "Game 162" against the Yankees in 2011, becoming the second player to send his team to the postseason by hitting a walk-off home run in the final game of the regular season along with Bobby Thomson's "Shot Heard 'Round the World" for the New York Giants in 1951.

Longoria remains the franchise's all-time leader in most categories, including games (1,435), home runs (261), doubles (338), extra-base hits (618), RBI (892), runs scored (780), walks (569), intentional walks (77), total bases (2,630), sacrifice flies (76) and walk-off plate appearances (8). He recorded nine 20-homer seasons with the Rays, tied for second most by a third baseman in AL history behind Graig Nettles (10). His 618 extra-base hits with Tampa Bay were second most by a third baseman over his first 10 seasons in AL history, trailing only Eddie Mathews (648), and his 338 doubles tied for third most over such a span.

He remains one of eight players leading one of the 30 current franchises in career games, doubles, home runs, extra-base hits and RBI, joining Hank Aaron (Braves), George Brett (Royals), Todd Helton (Rockies), Stan Musial (Cardinals), Luis Gonzalez (Diamondbacks), Cal Ripken Jr. (Orioles) and Ryan Zimmerman (Nationals).

In June 2025, Longoria signed a ceremonial one-day contract to retire as a Ray, ending his 16-year playing career back where it began.

> "Evan Longoria's place in Rays history is unmatched. He not only defined an era of Rays baseball — he helped put us on the map. His impact, both on and off the field, laid the foundation for our success."
>
> **RAYS PRESIDENT, BASEBALL OPERATIONS ERIK NEANDER**

FRED McGRIFF / FIRST BASEMAN

INDUCTION DATE **Sept. 1, 2024** YEARS WITH RAYS **1998-2001, 2004**

One of the most productive hitters in the Devil Rays era, Fred McGriff was acquired by Tampa Bay from the Atlanta Braves following 14 seasons, four All-Star selections, an All-Star Game MVP trophy, three Silver Slugger awards, six top-10 MVP finishes and a 1995 World Series title. He was the first player in the modern era to win a home run title in both leagues, claiming the American League crown in 1989 before earning the National League title in 1992. Famously cut from Tampa's Thomas Jefferson High School baseball team as a sophomore, McGriff's hard work and perseverance led to a ninth-round selection by the Yankees in the 1981 First-Year Player Draft out of high school. Six years later, he began his big-league career with the Blue Jays. The left-handed slugger served as Tampa Bay's clean-up hitter over the club's four seasons of existence before returning for a brief 27-game stint to conclude his career in 2004, hitting 99 home runs and collecting 359 RBI over 577 games in a Devil Rays uniform.

McGriff is the Rays all-time leader in both on-base percentage (.380) and slugging percentage (.484). He also sits among the club's leaders in walks (6th, 359), RBI (9th, 359) and home runs (9th, 99).

The Tampa native made his fifth and final All-Star Game in 2000, his last full season with the Devil Rays. McGriff was inducted into the National Baseball Hall of Fame in 2023, becoming the fourth Tampa Bay native in the Hall along with Wade Boggs, Tony La Russa and Al Lopez. He joined Boggs as the only former Rays players to be enshrined.

> "[This] means the world to me growing up and living in Tampa Bay. This is home. It will always be my home. And I will have a connection forever with the Tampa Bay Rays. Thank you, from the bottom of my heart."

DAVE WILLS / BROADCASTER

INDUCTION DATE **April 14, 2024** YEARS WITH RAYS **2005-23**

For 18 seasons, the booming, distinct voice of longtime Rays radio announcer Dave Wills was synonymous with Rays baseball. Wills was behind the microphone for some of the most iconic moments in franchise history, including World Series runs in 2008 and 2020 and Game 162 against the Yankees in 2011. His infectious personality, passion for storytelling and ability to make anyone laugh made him a fan favorite and, along with partner Andy Freed, half of one of the top broadcasting duos in the majors.

Before joining the Rays in 2005, Wills spent 11 years calling games on White Sox radio broadcasts in his native Chicago after beginning his play-by-play career with the Class-A Kane County Cougars from 1991-95. He also served as the radio play-by-play voice for the University of Illinois-Chicago's men's basketball team from 1997–2005, in addition to other miscellaneous broadcast work.

Wills passed away on March 5, 2023 at the age of 58, but his impact on the Rays organization will be felt for years to come.

> "I've described him as somebody you ran towards. There are those rare people who, when you see them, you just want to be next to them and hear them. We were so fortunate, and we knew that all along. Nobody epitomized what it was like being a Ray and what it meant to be a part of this organization more than Dave Wills did."

DON ZIMMER / SENIOR ADVISOR

INDUCTED **2023** YEARS WITH RAYS **2004-14**

Baseball lifer Don Zimmer was the first member of the Rays Hall of Fame, having been inducted during a pregame ceremony on April 2, 2023. He spent 66 years spanning parts of eight decades working in professional baseball, but his 11 years with the Rays were his most with any franchise. Of those 66 years, 56 were spent in the majors as a player, coach and manager. "Zim" reached the postseason 19 times, winning a total of six World Series championships. Zimmer, who moved to the Tampa Bay region in the late 1950s, relished the opportunity to come home and join the then-Devil Rays in 2004. He played a crucial role in the development of the organization's prospects, including Carl Crawford and Evan Longoria.

Despite working in a front office capacity with the franchise, he continued to wear a uniform each year, with his number reflecting his total years in pro baseball. He was a senior advisor with the Rays for the final 11 years of his life.

Zimmer passed away on June 4, 2014 at age 83, but his value to the organization continues to endure. His No. 66 was retired by the Rays in 2015 and the annual team MVP award still carries his name.
